

# Markel International Facts and Figures.

## A global brand

Markel International is a division of Markel Corporation, a US-based holding company for insurance and investment operations around the world, that trades on the New York Stock Exchange (NYSE: MKL), has \$33.3 billion of combined assets and \$9.1 billion of shareholders' equity. In 2018 Markel Corporation wrote gross premium of \$7.9 billion.

Markel International is an international insurance company which looks after the commercial insurance needs of major businesses, SMEs, professionals and sole traders. It operates through six divisions and with offices in 17 countries, across the UK, Europe, Canada, Latin America and Asia Pacific.

Depending on risk location, Markel can write on its Lloyd's syndicate, its London insurance company, Markel International Insurance Company Limited, or its German insurance company, Markel Insurance SE. Other insuring entities include Markel Resseguradora do Brasil S.A. and Markel Seguradora do Brasil S.A.

MIICL is licensed for insurance in the UK and other overseas territories including US surplus lines and reinsurance business, while Syndicate 3000 benefits from Lloyd's global licences and can write insurance and reinsurance worldwide. Markel Insurance SE is licensed for insurance in all EEA countries post 1 January 2019.

Markel also offers tax and legal services through its specialist companies Markel Tax and Markel Law.
